**Sub: - Application to housing society for allotment of vehicle parking slot.**

Dear Sir/Madam,

I am writing to request the allotment of a vehicle (Two Wheeler / Four Wheeler) parking slot in your esteemed society. As a resident of the society, I have been facing difficulties finding a parking spot for my vehicle on a regular basis. This has led to a lot of inconvenience and wasted time.

I would like to request your kind consideration in providing me with a dedicated parking slot for my vehicle. This will not only save me time and effort but also reduce the overall congestion in the society's parking area. I assure you that I will take good care of the allotted parking slot and adhere to all the rules and regulations of the society regarding parking. If the society allots me a slot for parking the vehicle, I will pay the monthly parking charges in my maintenance bill as per the rules of the society.

In addition, I would like to suggest the implementation of a smart parking system in the society. This will help optimize the allocation of parking slots, reduce congestion, and provide a better parking experience for all residents. I believe that such a system will be highly beneficial for everyone in the society and improve the overall quality of life.

Thank you for considering my request. I look forward to a positive response from you.

Sincerely,

(Signature)
